

Axtla de Terrazas Crusade

After three years of not holding crusades in Mexico, we were finally able to once again hold an Aviva el Fuego crusade in Axtla de Terrazas, San Luis Potosí, Mexico. We had to regroup, check inventory, strategize, train and equip our former and new team members, buy new equipment, a crusade vehicle, and begin the process of raising funds for the crusade. We had a team go six weeks before the crusade, live in the town and minister in the churches, work with the Pastors and church members, teach them to evangelize and pray for the sick, win souls and do the leg work for the advertising of the crusade.

We held a Pastor's breakfast where we invited all interested Pastors and their wives to attend, we preached the Word, prayed for the baptism of the Holy Spirit, shared the vision of the crusade ministry and gave each Pastor a gift. We had over 100 in attendance that day and almost all committed to help us and be a part of the crusade. A month later, we held a conference for all those pastors and interested members of their churches. We ministered the Word, prayed for them once more and then did the strategic work of setting up the teams that would help in the crusade. Every team consisted of different tasks from greeters, ushers, bathroom duty, prayer team, salvation team, clean up team, set up team, platform detail, evangelism teams and several other teams needed for the putting up of posters and announcements throughout the city and surrounding areas. In all we had 22 denominations, 86 pastors, 80 churches, 400 volunteers and the mayor of the city helping us to hold the three day crusade.

In the weeks leading up to the crusade and during the crusade we had a total of 730+ salvations, 340+ received the baptism of the Holy Spirit, and 80+ documented healings. We got rained out the second night but people did not want to leave so they went to the bleachers. Some people started dancing in the rain, singing and worshipping God. They did not want to leave even when we announced we had to shut down due to the severity of the thunder and lightning storm. So we decided to go into the bleachers with the people and with a small speaker and beat up microphone, preached our heart out and the miracles began to happen. People received salvation and many miracles took place in the bleachers and the people were cheering and clapping and praising God totally unaffected by the storm. It was a night we will never forget. Hungry hearts will bear any storm just to be with Jesus!

We prepare now for our next crusade in Campeche, Campeche, Mexico in 2025! A city on the coast where we had prepared to hold the crusade in 2020 and had done all the legwork done but the week of the crusade the pandemic hit and everything we had worked so hard for came to a shocking stop as the world was hit with Covid. So now, once more, we retake what the devil stole and claim Campeche for Jesus!

Your financial support of Jerry Garcia Ministries International is what made this Crusade possible. Every salvation, miracle and baptism in the Holy Spirit happened because you, our partner, helped us get there and minister the Word. You may never set foot in Axtla de Terrazas, but your financial seed made an eternal impact on that city and it's surrounding areas.

Dios te Bendiga,
Jerry and Ernie Garcia

CRUSADE HIGHLIGHTS

WE GOT RAINED OUT ON THE SECOND NIGHT. BUT THE PEOPLE DIDN'T WANT TO LEAVE SO THEY WENT TO THE STANDS. WE SAW MANY SAVED AND HEALED!

PEOPLE CAME FROM 4 HOURS AWAY TO ATTEND THE CRUSADE

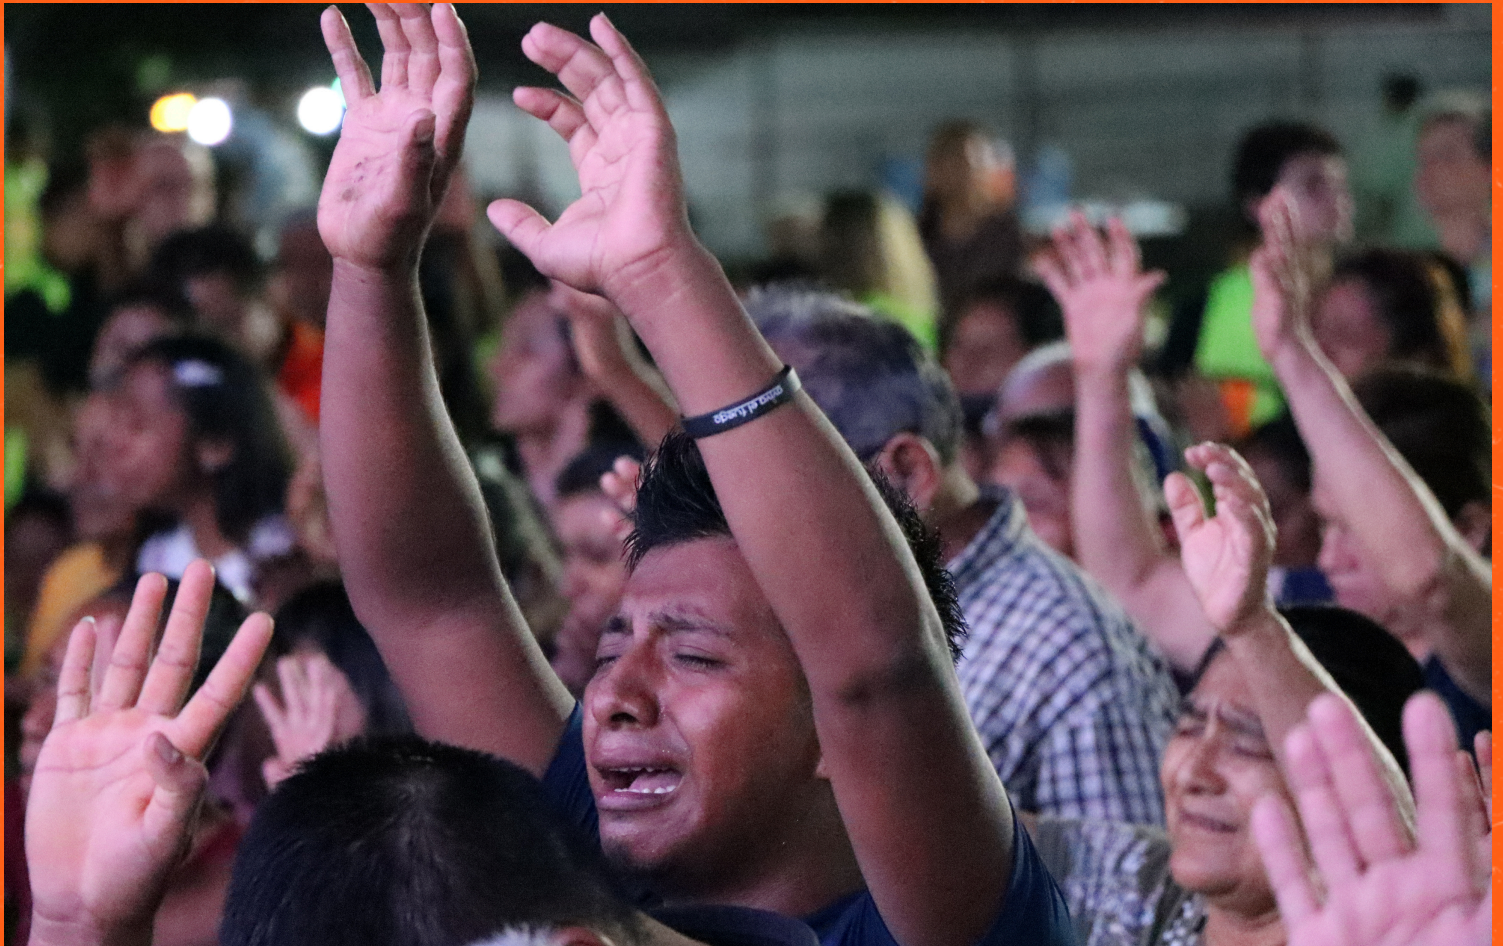

340+
DOCUMENTED INFILLINGS OF THE HOLY SPIRIT

US WITH OUR CRUSADE TEAM AND LOCAL PASTORS WHO HELPED

2025 CRUSADE WILL BE IN CAMPECHE, MEXICO!

BECOME AN AVIVA PARTNER TODAY

WHY SHOULD I BECOME A PARTNER?

By becoming a monthly partner your gift will go towards every part of each crusade, from buying equipment, renting chairs, printing posters, and more. You will be an integral part of the life changing message of the Gospel being spread throughout the country of Mexico. Your partnership will take you places your feet may never go and touch the lives of countless you may never meet. At each crusade we see instant miracles of healing, people set free from bondage, and most importantly many salvations.
